Mr. Erik Cornelissen

Erik Cornelissen

My key drivers are cooperation, integrity, execution and commitment. I combine a strong business background in the media- and entertainment industry, with a thorough knowledge and experience of (international) hockey. As former top hockey player, I am as much focused on developing hockey from the grassroots up as on high-performance sport and large events.

- * Hockey for everyone, everywhere (men, women, girls and boys)
- * Entertaining, top-level hockey at a global level
- * Positive social impact worldwide (participation, diversity, sustainability)

It is my desire to make hockey bigger, broader and better worldwide.

Together!! With the FIH, Continental Federations, NA's and clubs.

Mohammad Tayyab Ikram

Motivation

Passionate about **Development - Development** is the story of my life

National Associations are the most important element in Hockey and FIH and I know how to learn and live with them by empowering and supporting our Member Federations.

Hockey has given me **the most extraordinary life**, and my greatest motivation is to be able to give back to the sport by helping National Federations.

Growth of Hockey is best achieved through supporting our National Associations, who are the foundation and the core of our sport. The NAs and the work they are doing in their countries and regions are the heart and soul of hockey.

I am proud to **re-introduce the FIH Development and Education Committee** and bring this most important committee back in FIH Structure.

My Message and I believe in:

ATHLETES are the Core of Sports – Athletes Voice, their rights and Athletes welfare stays as priority.

FIH needs to be relevant to every National Federation as the growth of our sport is rooted in the invaluable efforts of our Members Federations.

Gender Equality is best achieved but through capacity-building across all genders.

Our sport must stay **Youth-Focused** and a leader in clean sport.

We want to continue to make hockey **more visible and accessible**.

We want to showcase and promote hockey as one of the most exciting high-performing sports.

We want to use our big and bold events to enhance our fanbase and viewership and start to fully unlock the **commercial potential of our sport**.

We want to take full advantage of the opportunities to be a global leader in **sustainability and environment-conscious** initiatives in sport.
