

**DR. NARINDER  
DHRUV BATRA**

Candidate for the position of  
FIH President  
47th FIH Congress

# DR. NARINDER DHRUV BATRA

## **Motivation for candidature and personal message (bullet points or text):**

I believe that I am an individual that possesses strong vision and passion both in my personal and professional life.

Hockey is without a doubt along with my family one of my strongest passions. I played hockey since a young age and witnessed in the past the achievements of the Indian team. My paramount reason for becoming involved in hockey was to assist India to again become one of the world's top teams and win again laurels for India.

I am also a great believer in the Olympic values and in my role at the FIH. I want to encourage more initiatives for a more gender equal sport.

Through my involvement with various organizations in different capacities, I have seen that my passion, drive and commitment towards sports has helped immensely.

If re-elected President FIH, my strong vision is not only to grow the number of Countries that play hockey but also not ensure that more countries are competitive and the best of the sport is showcased.
